Okay, great.Â Thanks very much to you all.Â Do you have any sense whatsoever as to a tentative timeline to figure out the remaining reports??Â We will need to advise the requestor accordingly.Â Maybe 2-3 more months?

Thank you,
Julie

Hello,

As per Mr. Tefank, I am attaching the reports that I have been able to locate thus far. Most of these are not in our current database so we will need to request archived agendas from Records Retention. Your patience through this process is appreciated. The attached is color coded: Pink is the date that the item appeared on the agenda and blue are those that we have yet to locate.

Please let me know if you have any questions.

Thanks and have a wonderful rest of your day,
Becky

Maria,

Julie would like you to check in the data base if the reports on the attached list were on the Commission agenda. She does not need copies of the reports. If they were on the agenda could you indicate the date the report was on the agenda.

I did tell her this may take a while.

Richard

Hi, Richard!

Per our conversation yesterday, here are the titles and dates of the reports, most of which I believe would have been approved by the Commission at some point preceding 2012.

Please keep me posted if you all can confirm that was indeed the case. (You all can keep track however you want… maybe easiest to highlight the ones you do NOT have any record of receiving.)

Thank you!
Julie

P.S. Apologies; I know there are many items to search.
